**RE: NPDES Storm Water Permit No. NMR05A223**

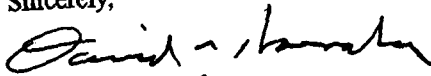

Dear Sir or Madam:

Molycorp, Inc. is in receipt of your recent correspondence reminding Multi-Sector permittees that the 2<sup>nd</sup> year monitoring report, covering period October 1, 1996 through September 30, 1997 is due for submittal by March 31, 1998.

This letter is to inform you that the subject permit, NMR05A223, was granted to Molycorp on November 17, 1997, subsequent to the expiration of the monitoring period, therefore, we are not in the position to file the discharge monitoring report in question. Molycorp will submit to EPA the 4<sup>th</sup> year monitoring report as required by the general compliance schedule of the Multi-Sector permit.

Should you have any questions concerning this matter, please contact Geyza Lorinczi, Environmental Manager, at (505) 586-7626.

Sincerely,

  
David R. Shoemaker  
Mine Manager
